

Celebration and Loss: a New Year's retreat

A weekend retreat with Roger B.

A lot can happen in a year. We experience blessings, lessons, and losses. Sometimes we walk through windfalls, the loss of a job, illnesses, and even the death of a loved one. This is life – it is not personal it happens to everyone. We need to find a way to bless it all. The worst thing we could do is to become a victim or martyr.

There is an opportunity and a gift in it all, but the challenge is how to sort through it, and begin the New Year with a clean slate and a fresh start? This is easier to do together, so let's start 2027 with connection and support as we move forward into whatever will come next.
